

Prizes

Grand prize - an overseas trip to see renewable energy in action.

Wish you were here..? The winning team in this year's Big Green Challenge will win a four-day overseas trip to visit cutting edge examples of renewable energy generation.

Runner up prize—a trip to the Eden Project.

The runner's up will go on a two-day trip to the world-famous **Eden Project** in Cornwall. A living theatre of plants and people, this global garden explores humankind's dependence on natural resources.

But nobody goes home empty-handed, with prizes at each stage, including brilliant digital keyrings, solar-powered torches and a thought provoking, informative book that will tell you the carbon footprint of everything.

Remember—There's a chance to win at every stage of the competition—so enter now for your chance to win some of these great prizes.
